

United States-India Educational Foundation (USIEF)

Fellowships for Indian citizens' study, research, teaching and professional development in the United States of America

Fulbright-Nehru Doctoral and Professional Research Fellowships*: These pre-doctoral level research fellowships, for a maximum period of nine months, are designed for scholars who are registered for a Ph.D. at an Indian institution and also for professionals with significant work experience and accomplishments.

Fulbright-Nehru Postdoctoral Research Fellowships*: These fellowships, for a maximum period of 12 months, are designed for Indian scholars and professionals who have a Ph.D. degree from an Indian institution within the past four years. The Postdoctoral Research Fellowships will provide opportunities to talented scholars and professionals to strengthen their research capacities; have access to some of the finest resources in their areas of interest; and help build long-term collaborative relationships with U.S. faculty and institutions.

Fulbright-Nehru Senior Research Fellowships*: For faculty, researchers and professionals from all disciplines who have a Ph.D. or equivalent published work. These fellowships, for a duration of up to eight months, aim to provide opportunity to do research on contemporary issues and concerns to contribute to the creation of knowledge.

Fulbright-Nehru Visiting Lecturer Fellowships*: For faculty, researchers and professionals from all disciplines who have a Ph.D. or equivalent published work. These fellowships, four months, contribute to internationalization of the curriculum at the U.S. host institutions and understanding of recent developments in India.

* Applications from all disciplines will be considered. Priority fields are: Agricultural Sciences; Economics; Education; Energy, Sustainable Development and Climate Change; Environment; International Relations; Management and Leadership Development; Media and Communications with focus on Public Service Broadcasting; Public Administration; Public Health; Science and Technology; Study of India with focus on contemporary issues; and Study of the United States. For Study of India or the Study of the United States (American Studies) the areas could include: language and literature, history, government, economics, society and culture, religion, and film studies.

Fulbright-Nehru Master's Fellowships for Leadership Development: For outstanding individuals who demonstrate leadership qualities; have completed the equivalent of a U.S. bachelor's degree; and have at least three years of professional or work experience; to pursue a master's degree program at select U.S. colleges and universities in the areas of Arts and Culture Management including Heritage Conservation and Museum Studies; Business Administration; Communication Studies; Conflict Resolution; Economics; Environment; Public Administration; Urban and Regional Planning; and Women's Studies.

Fulbright-Nehru Environmental Leadership Program: For mid-level Indian environment professionals in public/private sector or non-governmental organizations for up to four months in the fields of Environmental Information/Systems Reporting; Environmental Education; Environmental Policy, Regulations and Law; Environmental Sciences and Toxicology; and Environmental Management.

Hubert H. Humphrey Fellowships: For mid-level policy planners and administrators in the government, public and private sectors, and NGOs for professional development in the fields of Agricultural and Rural Development; Communications/Journalism; Substance Abuse Education, Treatment and Prevention; Economic Development; Finance and Banking; Educational Administration, Planning and Policy; HIV/AIDS Policy and Prevention; Human Resource Management; Law and Human Rights; Natural Resources, Environmental Policy, and Climate Change; Public Health Policy and Management; Public Policy Analysis and Public Administration; Teaching of English as a Foreign Language (Teacher Training or Curriculum Development); Technology Policy and Management; Trafficking in Persons, Policy and Prevention; Urban and Regional Planning.

Fulbright Teacher Exchange Program: For Indian school teachers (6th to 12th grades) of English; Mathematics; or Science to participate in direct exchange of positions with U.S. teachers for a semester.

International Fulbright Science and Technology Award: For outstanding individuals who have completed an equivalent of a U.S. bachelor's degree from a recognized Indian university to pursue Ph.D. in aeronautics and astronomical/aeronautical engineering; agriculture (theoretical or research-based focus only); astronomy/planetary sciences; biology; biomedical engineering; chemistry; computer sciences/engineering; energy; engineering (electrical, chemical, civil, mechanical, ocean, and petroleum); environmental science/engineering; geology/earth and atmospheric sciences; information sciences and systems (engineering focus only); materials science/engineering; mathematics; neurosciences; oceanography; public health (theoretical research focus only); and physics at a top U.S. institution.

Fulbright Foreign Language Teaching Assistant Program (FLTA): For scholars between 21 and 29 years of age with a Master's degree in English. Selected FLTAs from India will teach Bengali; Hindi; or Urdu at select U.S. campuses during their nine month non-degree grant.
